

Outlook Web App – Quick Start Guide

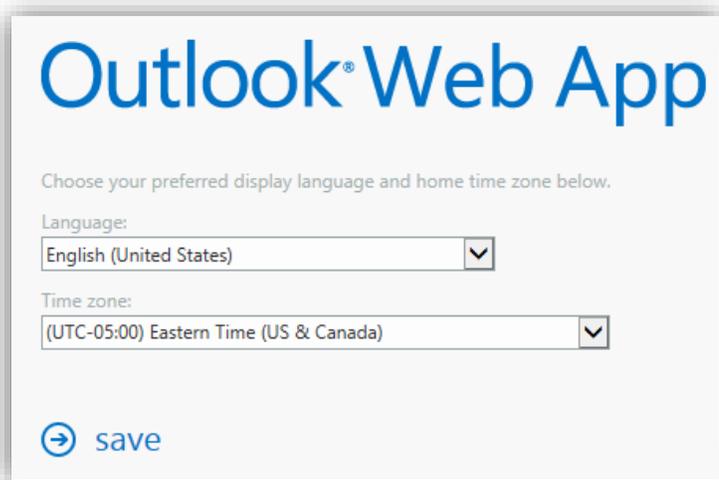

Login and first time setup

- 1) Go to <http://mail.office365.com>
- 2) Login with your email address (ie username@npsk12.net)

The image shows the Office 365 login interface. At the top left is the Office 365 logo. Below it, the text "Sign in with your organizational account" is displayed. There are two input fields: the first is for the email address, and the second is labeled "Password". Below the password field is a checkbox labeled "Keep me signed in". A blue "Sign in" button is positioned below the checkbox. At the bottom left, there is a link that says "Can't access your account?".

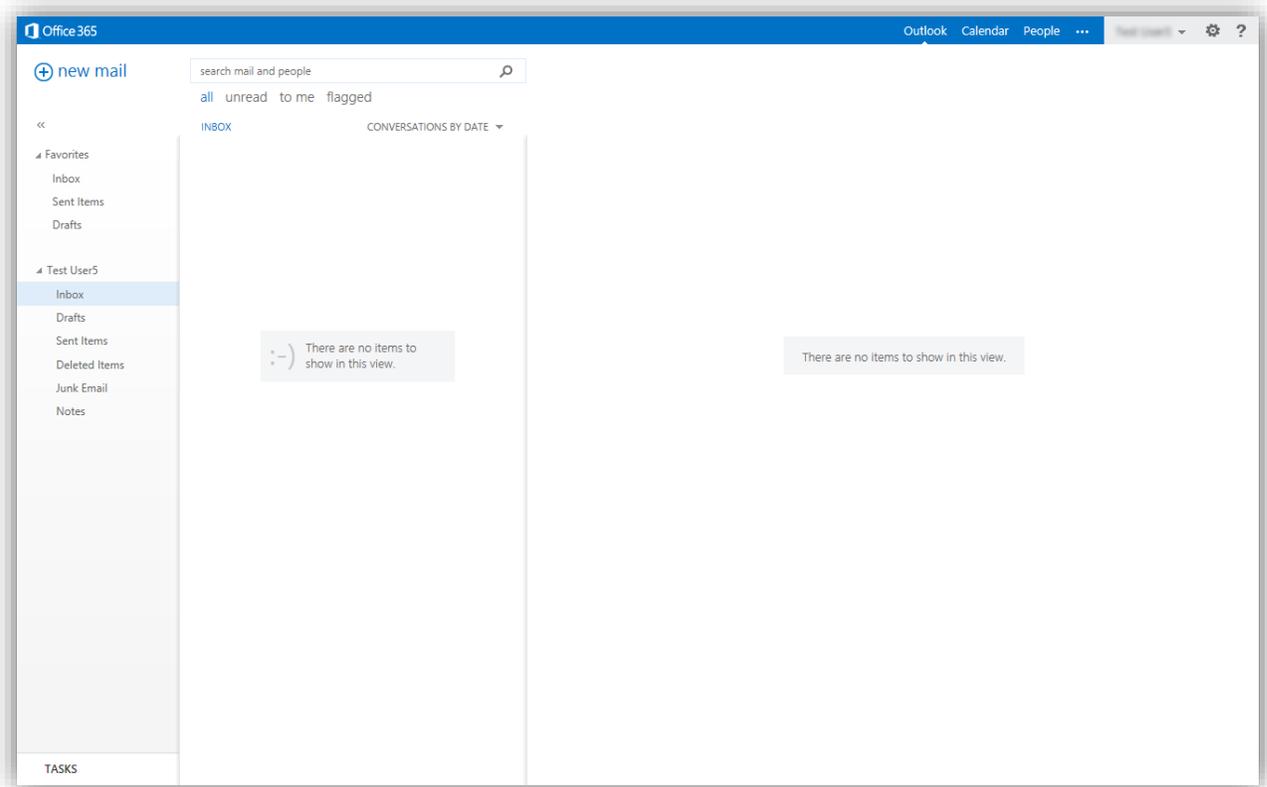

- 3) First time you login, you will get prompted for Language and Time Zone. Language should be **English (United States)** by default and the Time Zone needs to be changed to **(UTC -05:00) Eastern Time (US & Canada)**
- 4) Click Save

The image shows the Outlook Web App settings page for language and time zone. The title "Outlook® Web App" is at the top. Below it, the text "Choose your preferred display language and home time zone below." is displayed. There are two dropdown menus: the first is labeled "Language:" and has "English (United States)" selected; the second is labeled "Time zone:" and has "(UTC-05:00) Eastern Time (US & Canada)" selected. At the bottom left, there is a blue circular icon with a right-pointing arrow and the word "save" next to it.

Outlook Web App – Quick Start Guide

5) You will now be taken to the mail interface and your inbox.

Outlook Web App – Quick Start Guide

Notifications, navigation, and settings

At the top of Outlook Web App, you'll find notifications, links to each of the types of information stored in your mailbox, and links to your personal information and options.

- 1) These icons will appear when you have a new message, or a calendar or task reminder. You can click on the envelope to see a preview of the latest new message, or on the calendar to view and manage calendar and task reminders. The icons appear only when there is a new message or an active reminder.
- 2) Click here to switch to other areas of Outlook Web App.
- 3) Personal information, options, and help. Use this area to change your personal information, go to options, or sign out of your account.

Open an item in a separate window

By default, you read and create items in Outlook Web App either in the reading pane, or in a window that overlays the main window. But that isn't always what you need. Sometimes you need to be able to view or edit an item in a separate window.

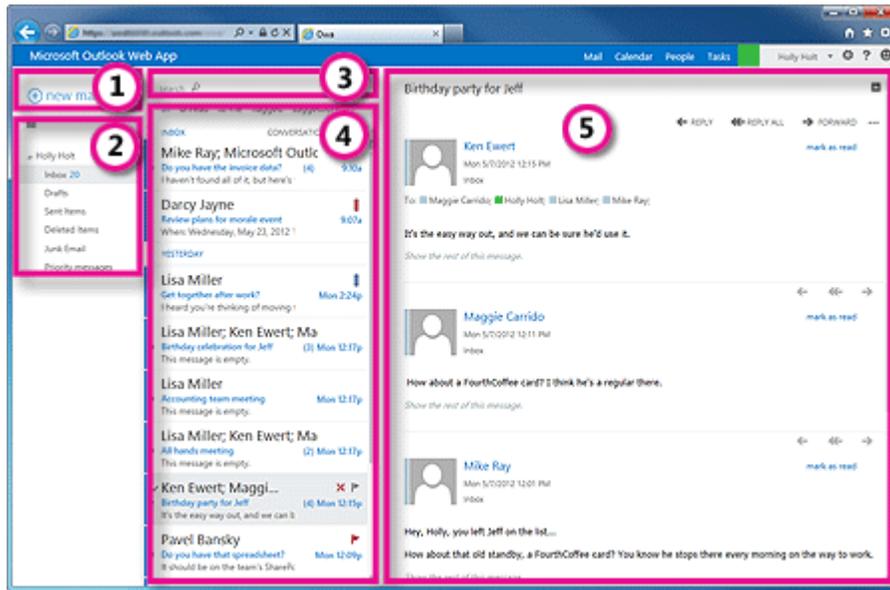

For most items, to open them in a separate window, look for the pop out icon  in the upper corner of the item you're working on. Click it to open that item in a separate window.

To open a message that you're reading in a separate window, click the extended menu icon  extended menu and select.

Outlook Web App – Quick Start Guide

Mail

When you sign in to Outlook Web App, you'll go straight to your Inbox. For more information about messages in Outlook Web App, go to Mail Overview.

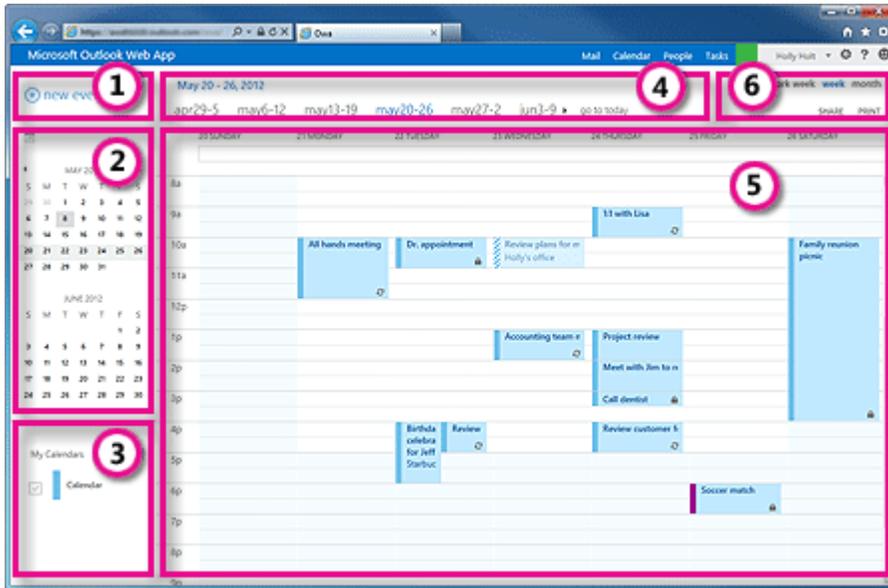

This is where you'll find your messages.

- 1) Create a new message by clicking icon new mail 
- 2) Folders. The folder list includes the folders in your mailbox and Favorites. It may include other folders, such as archive folders. You can collapse this pane by clicking on the folder icon at the top. You can expand and collapse folders in this view by clicking on the triangle icons next to the folder names.
- 3) Search window. Type what it is you want to search for here, such as the name of a person you want to find messages from, or text that you want to search for to find a particular message.
- 4) List of messages in the current folder. Each entry in the list view has additional information, such as how many messages there are in a conversation and how many are unread, or if there is an attachment, flag, or category associated with any messages in the conversation. A conversation can have one or more messages. When a conversation is selected, you can delete it, add a flag, or add a category by clicking the icons. At the top of the list view are filters that you can click to quickly find messages that are unread, that include your name in the To or the Cc line, or that have been flagged. In addition to the filters, you'll see the name of the folder you're viewing and the view that you've selected.
- 5) The reading pane, where the conversation that you've selected is displayed. You can respond to any message in the conversation by clicking the links on the right.

Outlook Web App – Quick Start Guide

Calendar

After your Inbox, the calendar is probably where you'll spend the most time when using Outlook Web App. For more information about calendars in Outlook Web App, go to [Calendar Overview](#).

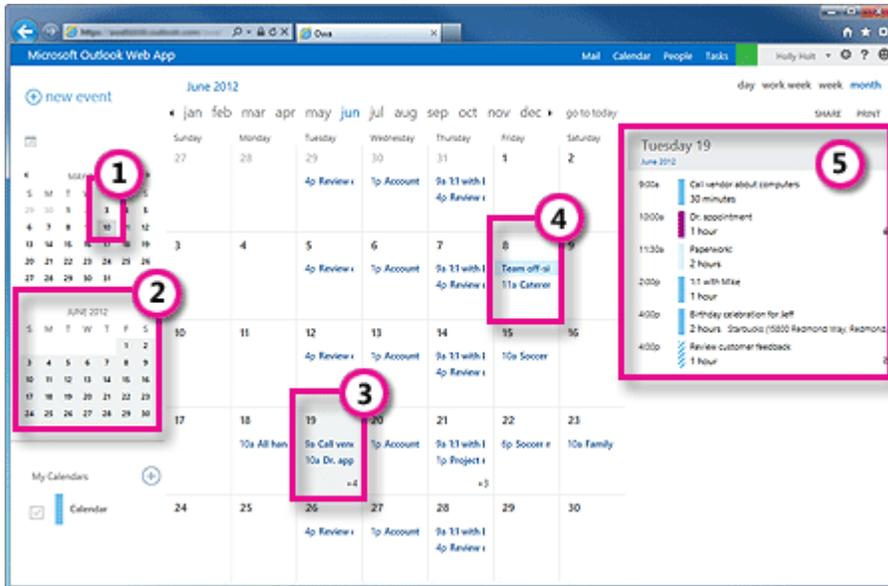

- 1) Create a new event by clicking **+ new event**. An event can be an appointment, a meeting, or an all-day event.
- 2) Use the calendars to navigate from one date to another. Shading will show you what week you're currently viewing, and darker shading marks the current date. You can use the calendar icon at the top to collapse or expand this side of the calendar view.
- 3) You can view more than one calendar at a time. This section lets you add other people's calendars and select which to display.
- 4) This is another area that you can use to navigate from one day to another. Click on any of the dates to jump to that date. Or click on the arrows on either end to see the dates before or after what's displayed.
- 5) The main window, where calendars will be displayed.
- 6) Select the view you want, and share, or print your calendar.

Outlook Web App – Quick Start Guide

Month View

The month view can be very crowded. To make it more usable, there's now an agenda displayed for the selected day:

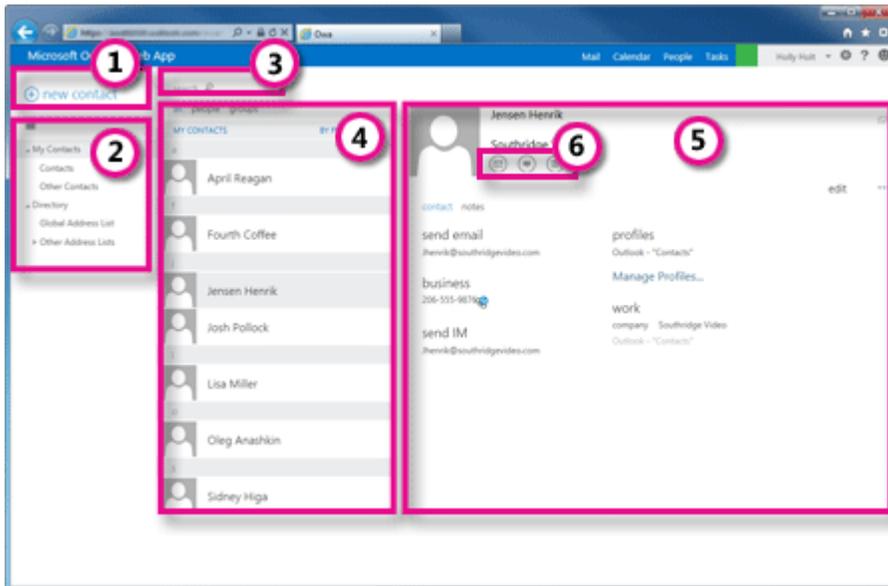

- 1) Shading shows the current date.
- 2) Slightly lighter shading shows the selected month.
- 3) Shading shows the selected day and the number tells how many non-displayed items there are on each day. Double-click an item to open it. You can create a new event on any date by double-clicking the white space on that date.
- 4) Shaded item is an all-day event.
- 5) The agenda for the selected day. You can create a new item on the current date by double-clicking the white space in the agenda.

Outlook Web App – Quick Start Guide

People

This is where your contacts are stored. From here, you can find, create, and edit your contacts. Also, you can search for contacts in your organization's directory.

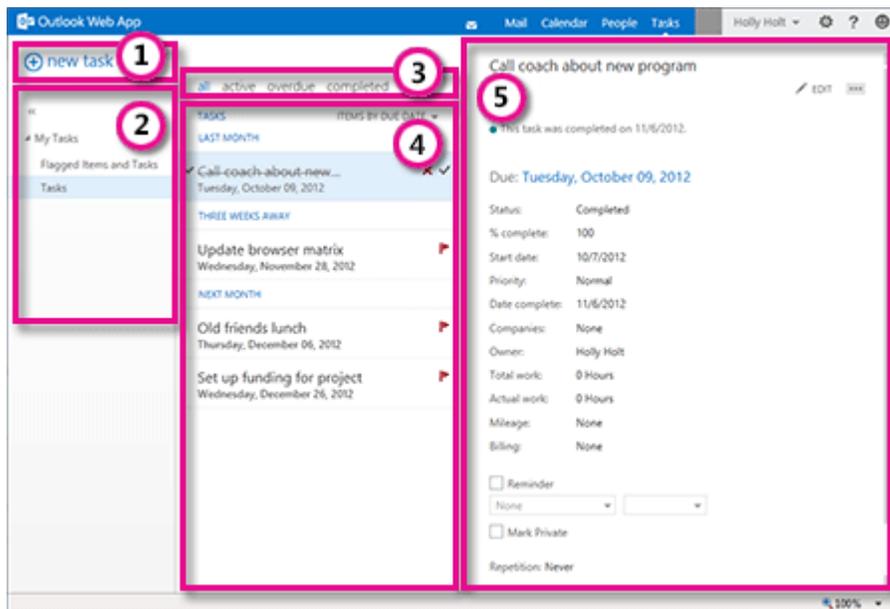

- 1) Create a new contact by clicking **+ new contact**.
- 2) All the places you can find contact information.
- 3) Search. Type a person's name here to search for them in your contacts and in your organization's directory.
- 4) List of all contacts in the current folder.
- 5) The contact card for the selected person.
- 6) Actions you can take directly from the contact card. Click on the icons to send a message or create a meeting request.

Outlook Web App – Quick Start Guide

Tasks

Tasks stores tasks that you create or that are sent to you, and also messages that you've flagged. When you view your tasks, the default view is Flagged Items and Tasks. You can change that by selecting Tasks in the folder list to the left.

- 1) Create a new task by clicking **+ new task**.
- 2) Use this column to view flagged items and tasks, or just tasks.
- 3) Filters. Select the filter depending on what items you want to see. Tasks and flagged items that don't have a date associated with them and that aren't completed will appear only when you select all.
- 4) List of items that meet the current filter criteria. Click on any item to view it in the reading pane. You can use the controls in the list view to make changes to an item's status. For example, you can mark a task as complete, or remove a flag from a message.
- 5) The reading pane, where the content of the items you've selected is displayed. You can use the controls in the upper corner to make changes to the item if it's a task. If it's a message, the controls will be the same as you would see while reading your mail.

Outlook Web App – Quick Start Guide

How to sign out

- 1) Click on your name in the upper right side of the screen, this will bring up a dropdown menu.
- 2) Click **“Sign out”**
